ALWAYS ACTIVE.

Active Staffing, a family-owned business, combines the wisdom of 70 years of staffing experience with a modern, tech-savvy approach. Our customized technology and tools, and hands-on personal style, provide better talent and faster hires to the light industrial sector.

BETTER TALENT.

Active's employees get the job done. Our recruiters don't just fill orders, they identify each person's soft skills, experience and interests to be sure they are right for the job and its duration – long or short-term. We measure our success by each associate's tenure, call-backs, attendance, and advancement with our clients.

FASTER HIRES.

The Active team prides itself on being available to our clients and associates when they need us, 24/7, and staying actively involved with them until the order is filled and the job is done. We are committed to meet your requirements on any order – small or large. Then, we can implement our staffing solution within 24 hours. That's "The Active Way."

ACTIVE'S WORKFORCE SOLUTIONS

At Active, we connect technology, talent and opportunity to deliver efficient, effective and innovative workforce solutions to your business. We make it easy to get the benefits of our talent and experience, without the employment risks.

- **Enjoy greater workforce flexibility** during busy and slow periods. You'll never be over- or understaffed.
- **Take on larger jobs or new business** with the confidence that Active will provide the people you need to handle the workload.
- **Stay focused on safety** with help from our OSHA-certified staff and walk-through site assessment.
- **Avoid the time and expense of employment advertising**, resume review and interviewing. It's included in our service.
- **Add customized background checks** to any job order, on request.
- **Know that applicants** for your positions are fully screened and qualified before they arrive at your job site.
- **Save money** on the administrative costs of maintaining a workforce. Active's price includes:
 - Administration of mandatory sick time regulations
 - Management of vacation and leave balances
 - Compliance with the Affordable Care Act (ACA)
 - All withholding tax obligations – local, state, federal
 - All insurance – workers' comp, unemployment, liability
- **On-site support available.**

Enjoy the benefits of our talent and experience, without the employment risks.
